SECURITY CLEARANCE

Secret Clearance – Valid through September 2030

Mack Mailos, a retired U.S. Army Master Sergeant with more than 20 years of honorable service, including combat deployments to Iraq, Afghanistan, and Kuwait in support of overseas contingency operations.

Throughout his military career, he served in demanding leadership positions where accountability, discipline, and sound judgment were critical to mission success.

He led Soldiers in high-risk environments, managed personnel readiness at large organizational levels, and ensured operational continuity under pressure. His experience in combat operations strengthened his ability to make timely decisions, coordinate complex missions, and maintain team cohesion in dynamic and uncertain conditions.

In addition to his combat leadership, Mack served in senior human resources and Inspector General roles, where he oversaw large-scale personnel systems, conducted compliance inspections, and advised senior commanders on regulatory and organizational matters. He played a key role in integrating modern personnel systems, improving accountability processes, and training leaders on standards and inspection readiness. His work supported thousands of service members and strengthened institutional efficiency, transparency, and readiness. These assignments refined his expertise in strategic planning, crisis management, risk mitigation, and organizational oversight.

Beyond his professional accomplishments, Mack is a husband and a father. He is married to Delna Joseph Mailos, his longtime partner, also a retired veteran who also honorably completed a 20-year military career. Together, they are raising their three children - Dazsha, Dante, and Kaeda, instilling in them the values of service, integrity, resilience, and faith. Grounded in humility and guided by a lifelong commitment to service, Mack is dedicated to leveraging his experience to support the people of Chuuk. He seeks to strengthen public safety institutions, enhance operational effectiveness, and contribute to building stable, accountable systems that serve both present and future generations.
