Professional Summary

Dedicated educator with over 20 years of experience in Chuuk, combining classroom teaching, early childhood support, and hands-on community involvement. I've taught history and sociology at the high school level, and currently serve as an Early Childhood Education Specialist, helping young children with developmental delays through assessments, family support, and inclusive learning strategies. I contribute to higher education access as a member of the Chuuk State Scholarship Board, where I help review applications and guide budget discussions. My work with the FSM Election Office includes serving as a poll worker and regional supervisor, delivering ballot boxes to outer islands and ensuring proper voting procedures. I've also supported literacy development as a JICA Language Arts Trainer and promoted climate awareness as a CSA Agent. These experiences reflect my commitment to education, teamwork, and community progress.

Education

- **Master of Arts in Reading (Online)** University of Guam-2024
